Product Description

Tired of using the traditional grip? Take a break from overly-clunky or uncomfortably tiny mice. The ergonomically-designed thumb rests and grips fit the contour of your palm for maximum comfort. Turn heads with a futuristic design. Made for increased functionality and comfort, this mouse combines a handshake grip with easy-access buttons and three levels of mouse sensitivity (800 / 1200 / 1600DPI) for improved tracking. Five buttons give you improved control over your computer's systems. Whether dragging and dropping, selecting large volumes of data, or casually gaming, this mouse provides a low-cost, effective solution for multiple computing needs.

Anker 2.4G Wireless Vertical Ergonomic Optical Mouse

800 / 1200 / 1600 DPI, 5 Buttons for Laptop, Desktop, Black

- Scientific ergonomic design encourages healthy "handshake" wrist and arm positions for smooth and less overall strain.
- 800 / 1200 / 1600 DPI Resolution Optical Tracking provides more sensitivity than standard optical mouse and precise tracking on a wide range of surfaces.
- Added next/previous buttons provide convenient webpage browsing; the superior choice for internet gamers and people who work at length at the computer.
- Enters power saving mode (power is cut off completely after 5 minutes idle, press right or left button for it to wake up). Dimensions: 120*62.8*74.8 mm; product weight: 100g.
- Package includes: 1 Anker Wireless Vertical Ergonomic Mouse (2 AAA batteries not included), 1 2.4G USB Receiver (located at the bottom of the mouse), 1 instruction manual, 1 year free warranty.

Wire-Free [Wireless]

Compact, wireless [wire-free] design means you can work anywhere with no annoying cables.

1 year SPIM warranty RTB
